WHOLESALE CATALOGUE.

C. L. VAN DUSEN,

MACEDON NURSERIES,

MACEDON, WAYNE CO., N. Y.

AUTUMN, 1871.

SPECIALTIES.

Particular attention is called to the following articles, and to the very low prices at which they are quoted in this catalogue:

APPLES,—three and four years old.

DWARF PEARS,—two and three years old.

ORANGE QUINCE,—one, two and three years old.

GRAPE VINES,—A fine stock, one, two and three years old.

SMALL FRUIT PLANTS,—all the leading varieties. Having twenty acres devoted to the propagation of GRAPES, CURRANTS, GOOSEBERRIES, RASPBERRIES, BLACKBERRIES, and STRAWBERRIES, we can offer stock in this line 25 to 50 per cent. below usual Trade Rates.

NOTICE TO CORRESPONDENTS.

Macedon is on the line of the New York Central Railroad, 18 miles East of Rochester; in one of the finest fruit growing sections of the State, and affords unsurpassed facilities for the shipment of trees and plants. Our station is not overcrowded with freight at the packing season, as is the case usually at the great Nursery Centers, but affords ready shipment for all the freight offered; a point worthy the consideration of purchasers of trees.

The trees we offer this season are healthy and vigorous; nearly all grown on land never before planted with Nursery Stock; a heavy clay loam, thoroughly tile drained, and admirably adapted to Nursery purposes. Personal inspection of the stock is invited, as also correspondence concerning it, from all interested in purchasing.

Orders should be sent early, on a separate paper, and not embodied in the letter; and plain directions should be given as to the route by which the goods are to be shipped.

Should any errors occur in the filling of orders, purchasers will please notify us at once, so that we may make proper amends. No complaints allowed unless made within ten days after receipt of the goods.

Packing. The excellence of our system of packing is attested by shipments of Trees and Plants the past season to Georgia, Florida, Utah, and the interior of California, where they arrived in the best condition. We charge the cost of materials used in packing; and to tree agents we add the cost of labor used in assorting their orders.

Delivery of all goods to the Depot or Express Office at Macedon, will be made free of cartage, after which they will be at the risk of the purchaser.

TERMS.—Cash, or approved notes, payable at some Bank.

☞Goods ordered by *strangers* will not be delivered to the forwarder until paid for; unless to be sent by Express, C.O.D., and then part remittance must accompany the order.

REMITTANCES by Bank draft on New York, to our order, by Post Office order on Rochester, N. Y., or cash in Registered Letter, may be made at our risk.

CATALOGUES.

Catalogues will be furnished to applicants on receipt of price, as follows:

No. 1.—Descriptive of Fruit and Ornamental Stock, with Retail Price List,.....15 cts.

Black Defiance, (NEW.)—This magnificent variety was originated by E. W. Durand, Esq., of Irvington, N. J. It is a hybrid between the well-known "Triomphe de Gand" and "Green Prolific." Shape conical, sometimes flattened; berries very large, color dark crimson; flesh firm and solid, sweet, remarkably juicy, and of the most exquisite aroma; retains its flavor a long time, and defies all kinds of weather. The plant is very hardy, vigorous and productive. A first-class premium was awarded at the "New Jersey State Fair." It was also exhibited in New York, at B. K. Bliss's Strawberry Show, last season, when it attracted much atttention, and was pronounced the higbest flavored large berry in cultivation. 6 plants, $1; 25 plants, $3.
